WINTER 2017

DISCOVER LAPLAND

LAPLAND LIKE HOME

I have been visiting Lapland since winter 2008. I am sharing my fascination by this unknown, wild and mysterious land with others. Experiences, friends I have met there and beauty of Lapland brought me to the point where I decided to create project which combines snowmobiling around Lapland and most of local highlights. This one of a kind proposal is dedicated to people who are looking for adventures out from regular paths, want to go further, know better and experience something exceptional.

WHY LAPLAND?

There is only few places in Europe which are still so undiscovered, where nature allowed people to live their traditional way of life. Interesting fact is that Lapland became part of Unesco Heritage Site.

I haven't met anyone who has visited Lapland and didn't love it. I am truly convinced that you will also add Lapland to your best-places-I-have-been-to list.

I was lucky enough to visit few places all over the world and I haven't been coming back to any of them as much as to Lapland.

WHAT WILL YOU EXPERIENCE?

The program includes attractions which are customized to your interests and needs. The attractions will help you to experience and feel the real Lapland.

Husky sledge ride, snow mobile safari, visit in Snow Village, lunch in Ice Restaurant, sauna with ice bath, cross country skiing lessons, evening snow shoeing and if lucky you will see the northern lights in the sky - the breathtaking experience for each person visiting Lapland for the first time.

DAY BY DAY

Day 1

- Arrival to Kittila, transfer to Akaslompolo, check in, dinner

Day 2

- Breakfast, tryout and rent proper winter clothes, visit and lunch at Snow Village (ice hotel), husky farm visit and sledge ride, evening snowshoe safari

- Additional activities included in program day by day:
husky farm visit, traditional lappish sauna - avanto, snowshoe safari, Snow Village visit, snowmobile safari, cross-country skiing lesson, dinner in local restaurant

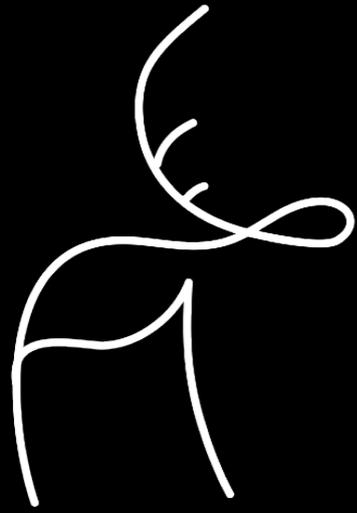

WHO YOU GOING TO GO WITH?

Adam Staszkiwicz - half of his life spent on the snow teaching people how to ski and snowboard. He has been living in Lapland for few winters where he become local ski&snowboard instructor and guide of winter activities.

When winter is over he is involved with organizing different kind of sport events such as Olympic Games, Paralympics, Commonwealth Games and various World and European Championships in different sport disciplines. Addicted to traveling, sport and good music.
